Software Platforms: Google Workspace (Docs, Sheets, Slides), Slack, Zoom, Kaggle, Loom, Microsoft Office (Word, Excel, Access), Teams, Outlook

Strengths: Problem-Solving, Attention to Detail, Process Improvement, Strategic Thinking, Communication, Adaptability, Customer Focus

DATA ANALYSIS PROJECTS

Create Charts and Dashboards Using Microsoft Excel • *Coursera Guided Project*

10/2026

- Analyzed a 122-row sales dataset in Excel and created dynamic visualizations, including monthly sales trends, salesperson performance, and sales percentages, using pivot tables and charts
- Designed an intuitive Excel dashboard powered by pivot tables and interactive charts to make key sales metrics easier to interpret at a glance during the guided project

PROFESSIONAL EXPERIENCE

Underwriting Service Assistant • *State Farm, Richardson, TX*

03/2021 – Present

- Processed 70+ incoming applications daily, verifying data and auditing client information and external reports to ensure compliance, achieving a 5% error rate that exceeds company completion and quality standards.
- Reduced administrative errors by identifying and correcting routine system issues before policy issuance or updates, maintaining accurate, audit-ready policy records.
- Developed a 1-pager reference of common application errors with standardized memo and documentation word tracks, enabling copy-and-paste workflows that reduced memo and notation time from about 5 minutes to 3 minutes per case and supported higher servicing standards.
- Facilitated cross-functional communication with agents and internal business partners, identifying and escalating discrepancies to support efficient policy servicing and issue resolution.

Account Administrator • *HomePro Technologies, Carrollton, TX*

05/2018 – 05/2019

- Reviewed job ticket inventory against purchase orders, plans, and builder standards in Excel, calculating material needs (wire and cable by device and square footage) and catching discrepancies before warehouse staging, reducing administrative and data errors by more than 85%.
- Built and maintained expected receiving reports to track delivery data, proactively flagging supplier issues and improving receiving-site efficiency.
- Coordinated with internal stakeholders cross-functionally to resolve account discrepancies, streamlining job ticket creation from builder notifications.

Referral Coordinator • *Concentra, Plano, TX*

09/2014 – 05/2018

- Verified and updated patient insurance data across a high-volume referral caseload by pulling a daily referral report, filtering assigned employers in Excel, and using conditional formatting to track case status (worked, follow-up needed, closed), consistently working at least 40 cases and closing 15 per day and reducing patient wait times by 80%.
- Audited patient insurance records against compliance and quality standards, upholding confidentiality and professionalism across all referrals.
- Collaborated with departmental teams to spearhead workflow improvement projects, contributing to consistent turnaround-time performance.

EDUCATION, CERTIFICATES, & CERTIFICATIONS

Google Data Analytics Certificate • *Merit America, Virtual* 11/2026

- Built skills in collecting, cleaning, analyzing, and visualizing data to draw conclusions and support data-driven decision-making through hands-on labs and a capstone case study.
